Company	FELCHRIS CONSTRUCTION AND ENGINEERING CO. LTD

Environmental Management Policy Statement

FELCHRIS CONSTRUCTION AND ENGINEERING CO. LTD is committed to carrying out its construction, engineering support, property development and real estate activities in an environmentally responsible manner.

We recognize that construction activities can affect land, water, air quality, drainage, vegetation, neighbouring properties and surrounding communities. We therefore aim to manage our work in a way that reduces avoidable environmental harm and supports responsible development.

Our commitments are to

1. Comply with applicable environmental laws, permits, client requirements, local authority conditions and project-specific environmental instructions.
2. Manage construction waste responsibly and avoid uncontrolled disposal of debris.
3. Reduce unnecessary dust, noise, smoke and nuisance to neighbouring communities as far as reasonably practicable.
4. Protect drainage paths, water bodies, surrounding properties and public access routes from avoidable obstruction or contamination.
5. Store materials, fuel, chemicals and waste responsibly.
6. Encourage efficient use of water, energy, materials and other resources.
7. Promote good site housekeeping.
8. Respond promptly to environmental concerns raised by clients, neighbours, authorities, consultants or project stakeholders.
9. Include environmental considerations in project planning, supervision and site close-out.

FELCHRIS CONSTRUCTION AND ENGINEERING CO. LTD believes that responsible construction should create value without unnecessary damage to the environment or surrounding communities.
